In any case the German original shall prevail

GS mark

Standard design

Approved design for a height of 20 mm or less

1) no. of certificate

1. The holder of the certificate shall comply with the conditions to be observed in the production of the product specified overleaf in order to ensure conformity with the tested type.
2. The Testing and Certification body shall, in regular intervals, carry out control measures for monitoring the production and the correct application of the GS mark.
3. The person responsible for the production has been obliged to observe the conditions according to 1. and to accept the control measures.
4. The Testing and Certification Body shall withdraw the allocation of the GS mark from the holder of the certificate if the requirements according to article 21 para. 1 of the German Product Safety Act are modified or the conditions according to 1. are not met.
5. The GS mark shall only be applied and it shall only be used in advertising, if the conditions according to article 22 para. 1 of the German Product Safety Act are met.
